## ENVIRONMENTAL POLICY

Northern Air Support Ltd. (NAS) is committed to achieving the highest standards of environmental performance and recognizes its corporate responsibility to the environment. We acknowledge that our operations have a direct and indirect environmental impact and aim to minimize that impact and operate in an environmentally responsible manner.

### Scope

This statement applies to all premises and activities within the control of Northern Air Support. Each base of our operations will develop, implement and continuously review an environmental management system, consistent with local operating conditions and legislation.

### General Policy

This statement reflects Northern Air Supports' intention to provide and maintain an environmentally sustainable management system. Although the standards established by national legislation will apply as a minimum, our organization will always strive to achieve best practice in the local context of every province and territory in which we operate.

### Statement of Principles

Northern Air Support Ltd. will take all reasonable and practical measures to:

- 1) Ensure environmental risks are properly identified, prioritized and managed in an appropriate and timely way.
- 2) Establish sound environmental management policies and promote best practice.
- 3) Minimize environmental impact and reduce or, wherever possible, prevent pollution.
- 4) Minimize waste production by reduced consumption and develop effective waste management and recycling procedures.
- 5) Collaborate with key suppliers to promote environmentally responsible procurement of goods and services.
- 6) Actively monitor results and audit policies and practices to ensure Northern Air Support Ltd. meets its policy goals.
- 7) Develop a policy to raise and maintain awareness amongst staff and promote individual good practice and encourage team participation.
- 8) Recognize the legitimate interest that all its stakeholders, including customers, shareholders and employees have in its environmental performance.
- 9) It is the duty of all employees to conform to the environmental policy.
